Flex static code analysis

Unique rules to find Bugs, Security Hotspots, and Code Smells in your FLEX code

All rules 76 Vulnerability 5 Bug 9 Security Hotspot 1 Code Smell 61

Tags

Search by name...

Security.allowDomain(...) should only be used in a tightly focused manner

Vulnerability

The flash.system.Security.exactSettings property should never be set to false

Vulnerability

Dynamic classes should not be used

Code Smell

"LocalConnection" should be configured to narrowly specify the domains with which local connections to other Flex application are allowed

Vulnerability

"default" clauses should be first or last

Code Smell

Event types should be defined in metadata tags

Code Smell

Event names should not be hardcoded in event listeners

Code Smell

The special "star" type should not be used

Code Smell

Variables of the "Object" type should not be used

Code Smell

Methods should not be empty

Code Smell

Constant names should comply with a naming convention

Code Smell

All branches in a conditional structure should not have exactly the same implementation

Bug

Classes that extend "Event" should

Useless "if(true) {...}" and "if(false){...}" blocks should be removed

Analyze your code

Bug Major cwe

if statements with conditions that are always false have the effect of making blocks of code non-functional. if statements with conditions that are always true are completely redundant, and make the code less readable.

There are three possible causes for the presence of such code:

- An if statement was changed during debugging and that debug code has been committed.
- Some value was left unset.
- Some logic is not doing what the programmer thought it did.

In any of these cases, unconditional if statements should be removed.

Noncompliant Code Example

```
if (true) {
    doSomething();
}
...
if (false) {
    doSomethingElse();
}
```

Compliant Solution

```
doSomething();
...
```

See

- [MITRE, CWE-489](#) - Leftover Debug Code
- [MITRE, CWE-570](#) - Expression is Always False
- [MITRE, CWE-571](#) - Expression is Always True
